KNOW YOUR CA

Article 19.B.1.8

This little section of the Collective Agreement is one of the most important but overlooked parts of the CA.

If your Dean, Director, or another administrator asks you for a meeting, this section of the CA **guarantees you the right to ask what the meeting is about, to have it scheduled at a reasonable time, and to bring a representative from Association to the meeting if it will involve an investigation or any sort of discipline.**

Sometimes Collective Agreement language can be hard to understand. To help make it more clear, we've produced a plain-language version of Article 19.B.1.8.

We Stand with Students Against Bill 31

Last week, UMFA Members joined students from the University of Winnipeg and the University of Manitoba at the Rally Against Tuition Hikes.

UMFA President, Janet Morrill spoke before the Legislative Assembly last Wednesday to condemn these tuition hikes and to remind the current government that precarious funding to universities fundamentally decreases the value of post-secondary education and makes it impossible for overworked, underpaid professors, instructors, and librarians to offer high quality education to their students.

MOFA Report Confirms Higher Tuition Fees Hurt Low Income Students

The Manitoba Organization of Faculty Associations (MOFA) has released a report demonstrating that higher tuition fees in Manitoba will reduce university participation of youth from lower-income families, and discourage students from pursuing public interest careers.

Key findings include:

- Tuition fee hikes negatively impact enrollment among low-income students;
- Tuition fee hikes increase enrollment inequality, with students from well-off families taking the place of those from more modest backgrounds.
- Higher tuition fees are linked to heavier debt loads for students at graduation.
- Higher student debt impacts career choice, with students less likely to pursue public interest jobs.

Call For Nominations

CAUT is looking for nominations for the CAUT Donald C. Savage Award. The Award was established in 1997 in honour of Donald C. Savage, Executive Director of CAUT 1972-1997, and was instituted to honour and to recognize outstanding achievements in the promotion of collective bargaining in Canadian universities and colleges.

CAUT is also looking for nominations for the CAUT Equity Award. The Award was established in 2010 to recognize post-secondary academic staff who have demonstrated an outstanding commitment to challenging exclusionary behaviours and practices such as racism and homophobia and by so doing have made post-secondary education in Canada more inclusive.

Nominations for the award may be submitted by academic staff associations or any other interested parties or individuals. **The deadline for nominations is February 1, 2018.**
